# LOST & FOUND

*weekends* IN  
TOPANGA, CA

Monthly Canyon Programming. Every Third Weekend.

**APRIL - SEPTEMBER, 2025**

Lost & Found in Topanga is a seasonal campaign designed to spotlight everything that makes Topanga special – from wellness and creativity to nature and community connection.

Held every third weekend of the month, April through September, it invites visitors from Los Angeles and beyond to “get lost – and be found – in Topanga.”

Whether hiking a new trail, discovering a local artist, joining a community dinner, attending a special event or just browsing a community shop, Lost & Found is an invitation for visitors to slow down, explore, and experience the canyon’s unique rhythm.

## WHY IT MATTERS:

By aligning around one weekend a month, we create consistency, momentum, and a focused opportunity for everyone to show up and shine. The campaign drives content creation, online buzz, and long-term visibility for local businesses, artists, and spaces. Road closures and economic setbacks have long impacted Topanga – not just in the wake of disaster, but as an ongoing reality. Lost + Found is a focused, community-led solution to finally shift that narrative. With the main route to Topanga still closed, we need to give people a reason to take the long way. By offering a full weekend of programming, we’re inviting visitors to stay longer, discover more, and keep coming back. **Participating businesses are spotlighted and supported, ensuring they get the recognition and reach they deserve – not just during Lost & Found, but all season long.**
